

## Environmental Policy Statement

F P Cleaning Services Limited recognises it has a responsibility to the environment in all its legal and regulatory requirements under BS EN ISO14001:2015. We are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating methods. We intend to review this policy regularly to ensure that we meet our environmental responsibilities. We will work with our clients and suppliers to encourage them to do the same.

### In pursuing business objectives FP Cleaning Services:

- Continually improve and monitor environmental performance;
- Continually improve and reduce environmental impacts;
- Encourage staff to be aware of their responsibilities to the environment, in all respect of their working activities, ad to ensure they implement environmentally sound procedures;
- Incorporate environmental issues into business decisions;
- Encourage appropriate consideration of environmental issues into the professional services which we provide to our clients;
- Regularly review aspects of the business activity which have an environmental impact, assess performance, and identify where further improvements can be made.

### Service, suppliers and cleaning products

We will strive to;

- Work together with our suppliers and clients to use products that are more environmentally acceptable by selective purchasing procedures;
- Promote wherever possible recycling and use of recycled materials. We are happy to advise and assist our clients and suppliers to this end wherever appropriate;
- Encourage all our personnel to be aware of and implement sound environmental procedures
- Increase employee awareness through good practice and training;
- Use licensed and appropriate organisations to dispose of waste;
- Work with suppliers and sub-contractors to improve their environmental performance.
